OmniAIPI Investigative Case Management System and BroadPoint Federal Selected by Treasury Inspector General for Tax Administration

McLean, Virginia – The Treasury Inspector General for Tax Administration (TIGTA) announced the selection of the OmniAIPI Investigative Case Management System, developed by OmniSystems, Inc., to enhance and streamline its investigative operations. This innovative system will be deployed by BroadPoint Federal, Inc., who has been selected as the prime contractor for this transformative initiative.

OmniAIPI is a highly flexible and configurable investigative application, created by OmniSystems, Inc. The robust, low-code platform has been expertly designed and developed with the collaboration of technical and investigative subject matter experts who bring decades of experience in deploying case management solutions. The result is a cutting-edge system that promises to revolutionize TIGTA's investigative processes.

The OmniAIPI Investigative Case Management System is expected to bring a wide array of benefits to TIGTA, including:

1. **Enhanced Efficiency:** OmniAIPI offers an intuitive and customizable interface that allows investigators to work more efficiently, improving case tracking and management.
2. **Increased Collaboration:** The system is designed to facilitate collaboration among team members, promoting information sharing and real-time communication.
3. **Comprehensive Reporting:** OmniAIPI provides robust reporting and analytics tools, enabling TIGTA to make data-driven decisions for improved investigations and oversight.
4. **Configurability:** The system's flexibility allows it to be tailored to the unique needs and processes of TIGTA, ensuring that it aligns perfectly with their specific investigative requirements.
5. **Integration:** OmniAIPI can seamlessly integrate with existing tools and databases, ensuring a smooth transition and minimal disruption to ongoing operations.

BroadPoint Federal, Inc., a trusted leader in federal IT solutions, will take the lead in implementing this transformative system at TIGTA. Their expertise in project management, experience with technology integration, and their understanding of federal agency needs makes them the ideal choice to spearhead this initiative. **OmniSystems, Inc.** has developed a solution that merges cutting-edge technology with a deep understanding of investigative processes, which reflects their commitment to delivering the highest quality products and services.

"BroadPoint is honored to implement OmniAIPI, a case management solution that will augment TIGTA's mission of promoting the integrity, economy, and efficiency in the administration of the nation's tax system," stated Lee Raesly, CEO of BroadPoint Federal.

"We are thrilled to have been selected by TIGTA to provide this innovative case management solution," said Gary Walker, SVP and Chief Business Development Officer at OmniSystems, Inc. "We look forward
